

PRECISION
CONSULTING CORPORATION

The Building Blocks of Results

Connecting businesses with exceptional talent

Recruitment Services Division

Within Precision's consulting practice sits an independent Recruitment Services Division, which connects leading employers across multiple industries and disciplines with specialist talent.

Since 1998, Precision's recruitment services organisation has become synonymous with exceptional levels of service, in-depth knowledge of our markets and a steadfast determination to be the best.

Precision has demonstrated this capability through its consistent track record of success in providing dynamic staffing solutions and temporary resourcing to world leading organisations for over a decade.

VALUE ADDED SERVICES

- An adaptable, integrated delivery team that aligns with our clients' business
- In-house marketing capabilities to deliver targeted advertising campaigns, microsites, print materials and events
- Dedicated Contractor Care Team to support contractors and hiring managers
- Screening and assessment tools available including psychometric profiling and technical skills testing
- Custom production of candidate packs to market premium employers of choice

KEY DIFFERENTIATORS

- Preferred supplier to over 12 State and Federal Government departments
- An international network of resources
- A comprehensive talent pool of over 11,000 highly qualified candidates
- Contractor Streamlining Services (our tailored payroll services) available as an instant uplift service to all candidates

A UNIQUE APPROACH TO RECRUITMENT

- Precision's Recruitment Services Division will partner with you to get to know your business
- Harnessing this knowledge to attract the best talent, enhance your employer brand and deliver beyond the outcomes you need
- We achieve this by investing in our people, in our exceptional technology and flawless recruitment methodology

Contact Precision's Recruitment Services Division to build results for your organisation.
